Scenario

For Asset Insurance System scenario, we will need to build few menu items & menus to call the forms from different places.

Practice: Create Menu Items - aisInsurancePremium

1. In the Solution Explorer, right click Asset Insurance System project
2. Click Add > New Item
3. Under Operations Artifacts, Click User Interface
4. Select Display Menu Item
5. Name: aisInsurancePremium
6. Click Add
7. Right click aisInsurancePremium > Properties
8. Set the label "Show Premium Lines"
9. Object: aisInsurancePremium
10. In the Solution Explorer, find AssetTable.Extension under Form Extension
11. Create a new menu item button "aisInsurancePremium" under Design > ActionPane > FixedAsset (ActionPane tab) > aisInsurance (Button Group)
12. Set following properties
    a. Name = aisInsurancePremium
    b. Datasource = AssetTable
    c. Object = aisInsurancePremium
13. In the Solution Explorer, right click the Project 'Asset Insurance System'
14. Click Build Solution (or use Ctrl+Shift+B)
15. Review the Output screen to review process
16. Run AssetTable form and find the new button group & button in the Action Pane

Practice: Create Menu Items - aisPremiumPaidFactBox

1. In the Solution Explorer, right click Asset Insurance System project
2. Click Add > New Item

Proprietary and Confidential
Subject to Change

3. Under Operations Artifacts, Click User Interface
4. Select Display Menu Item
5. Name: aisPremiumPaidFactBox
6. Click Add
7. Right click aisPremiumPaidFactBox > Properties
8. Object: aisPremiumPaidFactBox
9. In the Solution Explorer, find aisAssetInsuranceWorkspace under Form node
10. Under Design > Panorama (tab) > TabbedList (tab page), create a new tab
11. Add a tab page; name: PremiumPaid and label: Premium Paid
12. Add a Form Part control under the PremiumPaid tab page
13. Set menuitemname property of Form part as aisPremiumPaidFactBox
14. In the Solution Explorer, right click the Project 'Asset Insurance System'
15. Click Build Solution (or use Ctrl+Shift+B)
16. Review the Output screen to review process

Practice: Create Menu Items - aisFixedAssetInsuranceWorkspace

1. In the Solution Explorer, right click Asset Insurance System project
2. Click Add > New Item
3. Under Operations Artifacts, Click User Interface
4. Select Display Menu Item
5. Name: aisFixedAssetInsuranceWorkspace
6. Click Add
7. In the properties, set Object: aisAssetInsuranceWorkspace
8. In the Solution Explorer, right click the Project 'Asset Insurance System'
9. Click Build Solution (or use Ctrl+Shift+B)
10. Review the Output screen to review process

Practice: Create Tiles - aisAssetInsuranceWorkspaceTile

1. In the Solution Explorer, right click Asset Insurance System project
2. Click Add > New Item

Proprietary and Confidential
Subject to Change

3. Under Operations Artifacts, Click User Interface
4. Select Tile
5. Name: aisAssetInsuranceWorkspaceTile
6. Click Add
7. Set following properties
    a. Size: Wide
    b. Image Location: AOTResource
    c. Label: Fixed Asset Insurance
    d. Menu Item Name: aisFixedAssetInsuranceWorkspace
    e. Normal Image: aisAssetInsurance
    f. Tile Display: BackgroundImage
8. In the Solution Explorer, right click the Project 'Asset Insurance System'
9. Click Build Solution (or use Ctrl+Shift+B)
10. Review the Output screen to review process

Practice: Extend Asset Menu

1. Click on View from the Visual Studio Menu bar
2. Select Application Explorer
3. In the Menu Node, Select FixedAssets
4. Right click on FixedAssets and click on Create Extension
5. In the Solution Explorer, right click the FixedAssets.Extention > Open under Menu Extension node
6. Add a submenu "Workspace" in the top with the label "Workspace"
7. Drag tile aisAssetInsuranceWorkspaceTile and drop it under the Workspace submenu
8. In the Solution Explorer, right click the Project 'Asset Insurance System'
9. Click Build Solution (or use Ctrl+Shift+B)
10. Review the Output screen to review process

Practice: Adding Workspace tile in the dashboard

1. Click on View from the Visual Studio Menu bar
2. Select Application Explorer
3. In the Menu Node, Select navpanemenu

Proprietary and Confidential
Subject to Change

4. Right click on navpanemenu and click on Create Extension
5. In the Solution Explorer, right click the navpanemenu.Extention > Open under Menu Extension node
6. Add a submenu “aisnavpaneFixedAsset” with the label “Fixed Asset”
7. Drag tile aisAssetInsuranceWorkspaceTile and drop it under the aisnavpaneFixedAsset submenu
8. In the Solution Explorer, right click the Project ‘Asset Insurance System’
9. Click Build Solution (or use Ctrl+Shift+B)
10. Review the Output screen to review process
